

Step City

Jungang-dong, Junggu, Busan

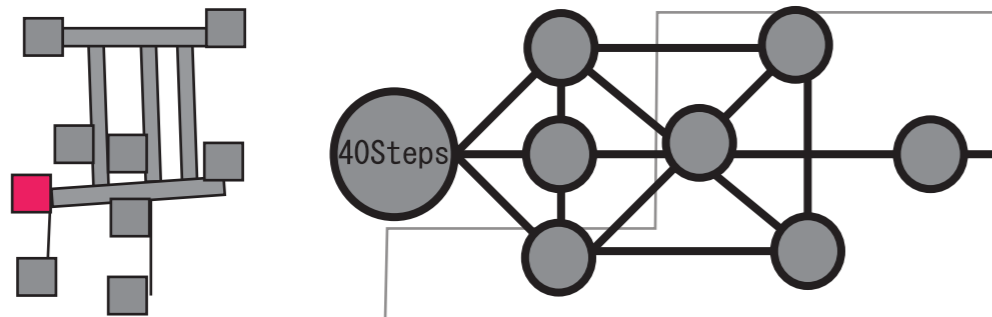

- Plan Place
- Plan Road
- 40 Steps
- Site

This place is near Port Pusan.
It is the place that the tourist from the foreign countries visits.
The tourist comes to watch 40Steps in here.
We must raise historic value of more 40 Steps.

Parking → Stone Steps

SITE and PLAN PLACE

Why are there so many steps in this town?

My plan is to prepare the stairs into open spaces and road in SITE.
The steps have many functions.
For example, it is the functions of the role as the art object, stay space, the amusement place.
In the steps, designs are various, too.
You will arrive at 40 Step via some steps.
With steps and a thought
