

## The New 40 steps

SITE

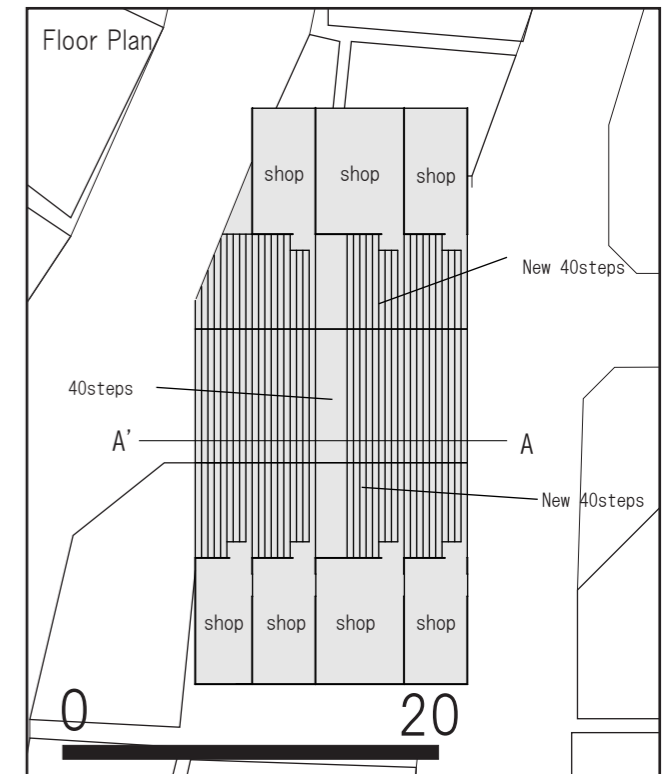

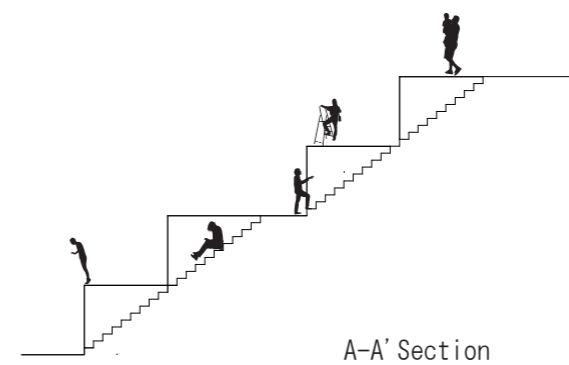

40 steps

- This place is thin a sense of existence in city
- This place is a place only of the street of the person.
- 40 steps are weak as the monument.

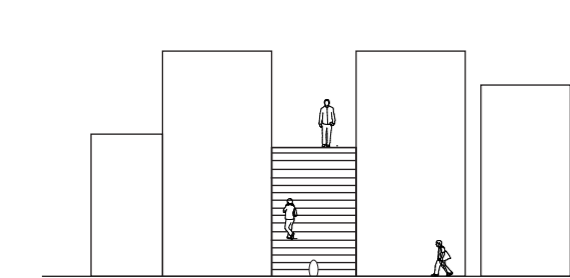

· I think that I should plan.  
The person gathers, and 40 The monument  
of steps is improved.

PLANNING

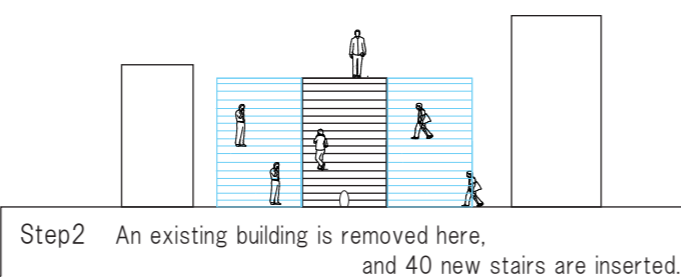

- I make 40 new steps next to 40 steps.
- I build the shop in the surroundings.
- It is possible to climb on the shop.
- People gather, and the bustle is made.

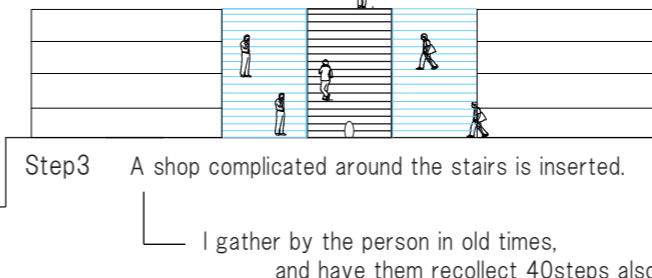

### Concept Diagram

Step1 40 steps have been buried in an existing city.

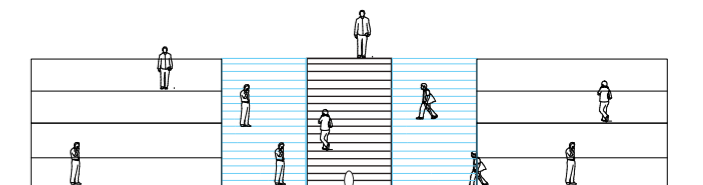

Step2 An existing building is removed here,  
and 40 new stairs are inserted.

Step3 A shop complicated around the stairs is inserted.

I gather by the person in old times,  
and have them recollect 40steps also  
that was the commercial heart in doing so.

Step4 40 steps become plazas where the history  
and the culture of Pusan are symbolized.
